### 1. Chapter 1

Okay, sooo this is my first fanfiction so don't be too hard on me. Reviews welcome. Now on to the storyâ€¦|

A figure surrounded by dead bodies knelt by two particular bodies. He was holding a hand of each body and feeling the life drain out of them. Above him a bird was circling him while he was mourning for the two bodies, almost as if the bird was waiting for him to stop mourning. The person kneeling cried out in agony and pain, he was bleeding from numerous cut wounds and a couple of broken bones. His cloak was covered in blood and had a couple of cuts in it. He stood up and looked to the bird. The bird saw him watching and led him back inside a castle. The castle had four towers and was in a bad condition from the war that had just taken placeâ€¦|

(A/N): How was that? I promise to make the next chapter longer, but this is just a pre-chapter I will be posting chapter one if I can finish it today.

### 2. Chapter 2

**\*\*Sorry people I haven't had much time to write but we should be getting back on a schedule Disclaimer: I do not own Harry potter and I never will\*\***

**\*\*here we go... \*\***

I lost everything. My friends my family hell even my wand. But it doesn't matter now what matters now is how I will live now that everyone is gone. My name is Harry Potter and I have nothing to live

for. I heard a sound and I looked to my right and saw fawkes, Dumbledore's phoenix, I smiled despite myself. It wasn't a big smile just a small genuine smile. Then I heard him

"\_Harry are you OK" \_he said \_"I don't know fawkes, I don't think I will be able to keep going on with life" I said

it was true I didn't I could keep going, I had nothing left. Then he gave me an offer I didn't think I could pass up.

"\_you have nothing here for you and I don't either. But I will send you somewhere else if you want to go."\_he said

"of course I want to go I don't have anywhere else to go send me" I replied he told me to gather the Hallows. I did they were right next to me as soon as I thought about them even the wand, fixed as if never damaged. His next instruction was for me to put the cloak on, and hold both the stone and the rock in my hands.

"\_I'll take care of the rest" \_was the last thing I heard before I felt a pulling sensation in my chest, much like a portkey except without the nausea-inducing spinning. Then I felt myself lose all physical sense of anything, at all it was like I was floating. Then all of a sudden the world snapped back into sharp relief and I could hear although it was somewhat muffled by a hard something just outside my body. It felt confining and I wanted to get out.

I pushed my nose forward as hard as I could and immediately I knew I was in a different body. It felt like it had six limbs, 2 front paws, 2 back paws, and the wings on my back near my shoulder blades. They felt large, larger than my entire body. My brain also felt different, instincts that were not my own pushed into my mind. Teaching me all I needed to know about my body and several extras. I was again reminded of the confining darkness pressing against me by aforementioned instincts and I continued moving, trying to move out of the darkness and into the light.

It was a struggle to get out of the hard shell but I managed it and the first thing I heard before I passed out in exhaustion was "hello young one". Then I let myself go into the blackness.

\*\*A/N: Hahaha the dreaded Cliff- hanger I am sorry if it was too short for some of you but meh I will have longer chapters eventually.\*\*

\*\*This Is just something I'm doing in my spare time. \*\*

End  
file.
